

Why Join the Ambassadors?

By joining the Ambassadors program you will gain many new contacts! These new contacts could be your potential clients or customers. You will receive recognition throughout the year, and you will also have the opportunity to win the Garnie Edwards Ambassador of the Year Award.

Qualifications for Ambassadors

- The Ambassador must be an employee of a member organization. This also applies to an Ambassador who changes jobs. If the Ambassador's new company is not a member of the Chamber, they must join within one month; otherwise, the Ambassador will no longer be permitted to participate. Once participation is terminated, Ambassadors on the waiting list will be appointed.
- New Ambassadors must have a minimum of six months with their company. This allows consideration to the member company so its employee can become familiar with and settled into their new job. It also gives the Ambassador an opportunity to determine whether he/she will have time to fulfill Ambassador responsibilities in addition to their employment obligations.
- There is a maximum of 30 Ambassador positions. A company may only be represented by up to two Ambassadors if there is a waiting list for the Ambassador Club. Upon resignation as an Ambassador, the next individual on the waiting list will be contacted to determine his/her current availability and status.

Who Are The Ambassadors

An Ambassador is defined as an official representative of high rank with the Chamber. As an Ambassador, you will help provide the very best customer service to the Chamber's membership, while enhancing your own career development, business exposure, cliental and business recognition.

Ambassadors are a liason for our membership to the Chamber Board of Directors. They are the messengers who bring our members' interests, needs and opinions about what is needed for our community to the Board of Directors.

Ambassadors also take the message about what the Chamber's mission and goals are to the community. Ambassadors are always looking for ways to increase the Chamber's membership because the larger our membership base, the stronger the organization will become—and the more we will accomplish for our community.

The Ambassadors help organize Chamber events and represent the Chamber at many community events. They attend grand openings and ribbon cutting ceremonies. The Ambassadors visit our members to provide constant and personal communications in order for our members to gain the greatest value from their membership.

The Ambassadors activate and educate new members; they get them involved, offer opportunities and understand our members' needs. They show our members how to use the Chamber's service and benefits effectively.

The Ambassadors are an invaluable group of individuals who take time out of their jobs to help pro-

mote the Chamber, its members and communities.

The Ambassador Club offers you a unique opportunity. You will be able to meet with Chamber members and decision makers, while helping our Chamber meet its goal of personally contacting each member to ensure membership retention.

You will also find out that through your Ambassador experience, you will gain numerous business contacts and share in a special fellowship with other volunteers and business leaders.

What you will find among the Ambassadors is a commitment in seeing that the Chamber of Commerce is the best that it can by. Why? Because Ambassadors believe in the future of Sampson County. They know their involvement in the Chamber will make Sampson County an even better place to live and do business.

Our Annual Goal

The Ambassador Club's annual goal is to increase the retention rate of new and existing members by conducting a program of goodwill calls, reinforcing the benefit of Chamber membership, increasing members' knowledge about programs, services and benefits and keeping the channels of communication open between the membership and the Chamber's Board of Directions.

Our Intent

To serve as a voice for the county and surrounding area businesses, uniting those who realize that through the Chamber they can accomplish collectively what no one of them can do individually.
